About EAS

EAS has been in business since 1977. Our company provides BLS and Nurse-Staffed SCT services throughout Los Angeles and Orange Counties, as well as ALS Paramedic Service in Los Angeles County. In addition, we provide primary 9-1-1 service to three cities and backup service for several other communities.

EAS remains one of the most respected family owned providers of medical transportation in Southern California, as our company was founded on a "personal" approach to providing services and every employee is considered "part of the family."
